If you would like to send Paul your details, please do so in two ways.

- 1) Sending the information by post seem old-fashioned, but it is a familiar method.
- 2) Sending an E-mail makes sure your message visible in the E-MAIL BOX of the receiver.
Avoid adding any well-intentioned < links, additions and reference or notes<.

This request is because Paul has limited access to a computer.
It is a wonderful medium but a little too complex for him.

My landline phone is very reliable, so is the answering machine.
These devices are there for you throughout the working day .
If you leave a message with your name and telephone number,
you will be called back as soon as possible.

Thank you very much for your understanding, greeting you kindly but respectfully

Paul Salders.
